SIGNS OF LIFE SCAVENGER HUNT

How many signs of life can you find?

Flowers: can you find some colorful flowers poking up through the ground? They can be found in so many beautiful colors. How many flowers can you find?

Nests: look up in the trees and try to find a bird nest! Can you make a nest with sticks, leaves, and other natural materials?

Tweet tweet! Listen to your surroundings and see if you can hear birds or other animals. Can you sing a song like a bird?

Animal Tracks: investigate a muddy area and you might find tracks left behind from creatures living nearby. Can you make tracks with your feet?

Plant buds: look closely at the branches on trees and shrubs. These small buds have been waiting all winter to grow into a flower or leaf. Keep checking on these buds to see if you can notice them changing.
